The Board confirms that the content of this announcement does not contain any false statements, misleading representations or material omissions.

The above data were calculated based on the internal statistics of the Company and is intended to give investors an overview of the production and operation of the Company. The major operational data may differ from the data disclosed in the related periodic reports of the Company. In addition, affected by various factors, including but not limited to, the adjustment of the macroeconomic policy of China, changes in market conditions, bad weather and disasters, equipment maintenance and safety inspection, material differences may exist among the productive and operational data published quarterly. The aforesaid operational data does not make any express or implied forecasts or guarantees in respect of the Company's operating condition in the future. Investors are hereby reminded of the investment risks which may result from inappropriate reliance upon or utilization of the information given above.

By order of the Board of
China Polymetallic Mining Limited
Ran Xiaochuan
Chairman

Hong Kong, February 29, 2012
