The above data has been extracted from the Company's internal records and has not been the subject of an independent review. This data is intended to give investors an overview of the production and operations of the Company at a point in time. It may differ from the production and operational data disclosed in the periodic reports of the Company. In addition, production and operations are affected by various factors, including but not limited to, the adjustment of the macroeconomic policy of China, changes in market conditions, bad weather and disasters, equipment maintenance and safety inspections. These factors may give rise to material differences in the production and operational data released from time to time. This production and operational data does not constitute any express or implied forecasts or guarantees in respect of the Company's performance in the future. Investors are reminded of the investment risks which may result from inappropriate reliance upon or utilisation of the information given above.
